Muscle Car & Corvette Nationals By Gary Firch

I was talking to Les Baer at the MCACN car show, I said did you see the old dirty 1970 G.T.O. in the barn find display. Les said he watched the owner and his helpers push it in. This was setup day before the show started, sometime during the day. A man offered the owner, after serious negotiation, a final offer of **\$325,000** as is. The owner sold it before the show started. Les talked to the former owner after the deal was made. The **1970 G.T.O. Judge** is a **Ram Air IV 4-Speed convertible**; a rare green color 1 of 24 made!
