MUSCLE CAR AND CORVETTE NATIONALS RETURNS TO DONALD E. STEPHENS CONVENTION CENTER

The Muscle Car and Corvette Nationals show, dubbed *“The center of the Muscle Car Universe”* by Muscle Car Review magazine, enters its second decade, Saturday, November 23, and Sunday, November 24, 2019.

This nationally recognized annual event features the rarest and most sought after examples of pure American Muscle, along with the finest Corvettes with an emphasis on the cars of the 60’s and 70’s. Last year, celebrating their 10th Anniversary, the show played host to well over 500 cars that came to Rosemont, Illinois from 29 states and several countries. Spectators fly to O’Hare Airport from all over the world for this show, which is entirely new each year.

“We are honored to be the ultimate showplace for the absolute best of the best in the Muscle Car world, stated MCACN Managing Member Bob Ashton. With special theme Invitational displays that change each year, the show always has a wide variety and plenty of unexpected surprises. A true family friendly event, the show also offers some fun activities for the kids. A model car “make and take”, Hot Wheels racing, a scavenger hunt and coloring contests are among the highlights, all totally free. The Muscle Bicycle “show within the show” featuring vintage Schwinn Sting-Rays and Krates along with many other banana seat bikes, is another fun feature for kids of all ages.

This year the *“Ma-Ka-Kin”* team is adding a vintage Mini-Bike “Show within the Show” to the mix, just for fun. “We know that not everyone is as much into these cars as we are, so we like to add some things that are just plain fun for everyone” Ashton said. Live music from Redline
